Reversible Lanes, Ramp Closures on I-90/94 for Beam Installation at Ohio Street This Weekend

CHICAGO – The Illinois Department of Transportation announced that, weather permitting, as part of the ongoing work on the Ohio Street bridge project, the reversible lanes and one of the Ontario Street ramps on the Kennedy Expressway (Interstate 90/94) will be closed this weekend.

On Friday, Sept. 5, the reversible lanes will be closed starting at 10 p.m. until 7 a.m. Sunday, Sept. 7.

Also on Friday, westbound Ontario Street to the westbound expressway will be closed starting at 10 p.m. until 9 a.m. Sunday. The posted detour will be the eastbound expressway to the Taylor Street exit ramp, re-entering the westbound expressway from Taylor Street.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
